DETAILED ACTION

This is in response to applicant's amendment filed on 02/16/07.

Applicants Terminal Disclaimer filed on 02/16/07 has been approved and made of record.

Double Patenting

The rejection of claims 1-21 on the ground of non-statutory obviousness-type double patenting has been withdrawn in view of the filing of the Terminal Disclaimer. However, the following rejection applies.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The use of the term "about" in defining the invention renders the claims indefinite because the metes and bounds of the ratios are not ascertainable. For example in defining subscript "a" as about 0 to about 1, is "-0.001 to 1" being contemplated?
